

# Setting up the Nokia 6120 for E-mail

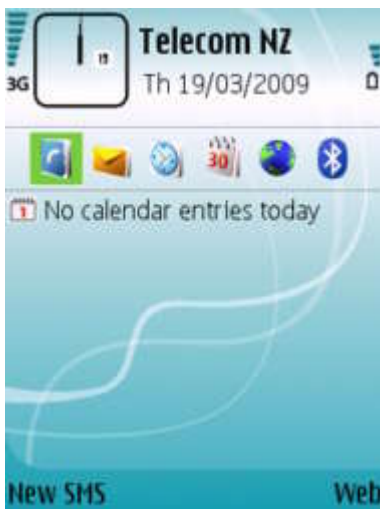

## Prerequisite

1. Ensure your mobile phone is configured for Internet.

## Setting up the E-mail account

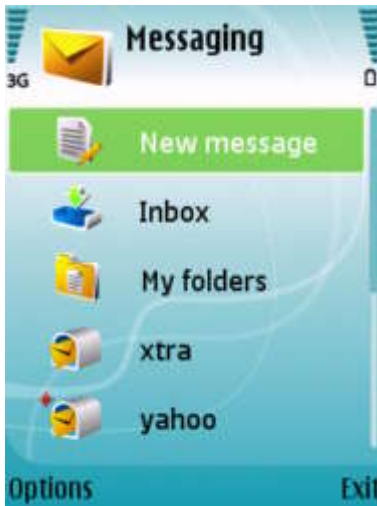

1. To set up email, from the main screen, press the **Menu** key.

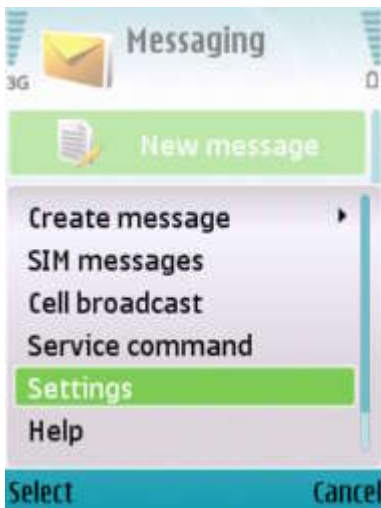

2. Scroll to **Messaging** and press the **Centre** key.

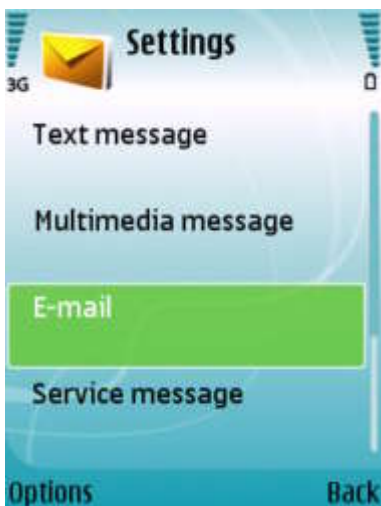

3. Press **Options**.

4. Scroll to **Settings** and press the **Centre** key.

5. Scroll to **E-mail** and press the **Centre** key.

6. Scroll to **Mailboxes** and press the **Centre** key.

7. When prompted with the message **No mailbox defined. Define now?** Press **Yes**.

8. Press **Start** to start the E-mail wizard.

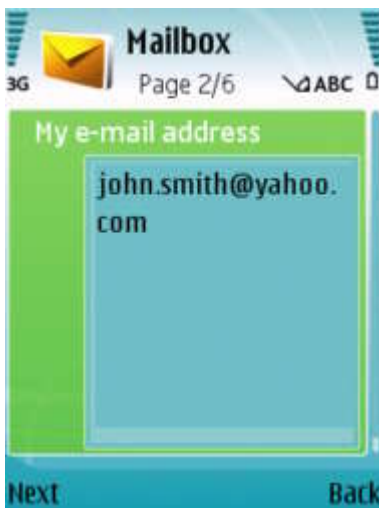

9. Select the email protocol required, for example POP3 or IMAP4 and press the **Centre** key.

10. Press **Next**.

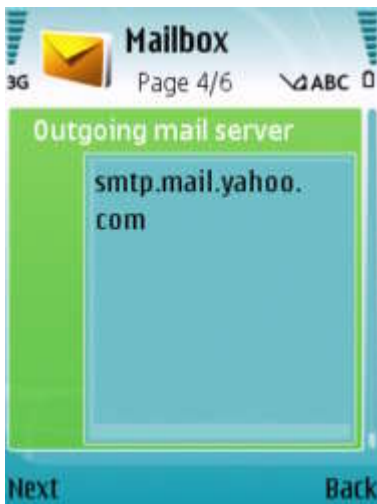

11. Enter the email address to be setup and press **Next**.

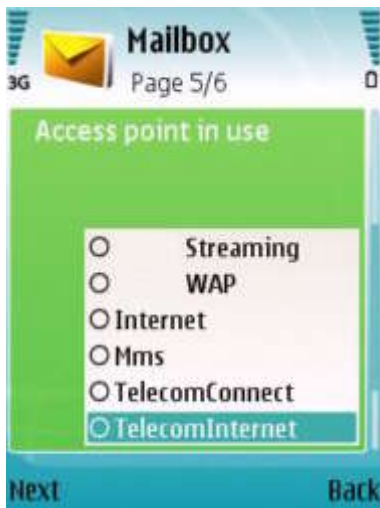

1. Enter the **Incoming mail server** for the account and press **Next**.

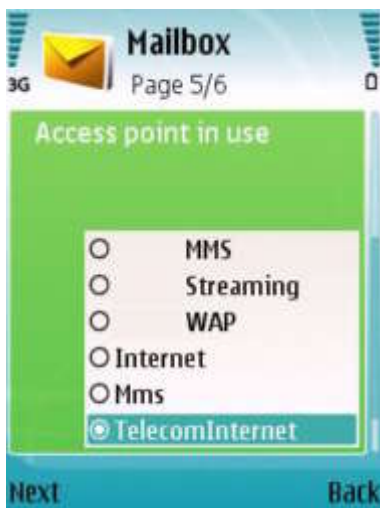

2. Enter the **Outgoing mail server** for the account and press **Next**.

12. To define the Access point, scroll to **TelecomInternet** and press the **Centre** key.

13. Press **Next**.

14. Enter a name for the email account and press **Finish**.

15. Press **OK**.

16. Press the **End call** key to return to the main screen.

The handset is now set up for E-mail.
